

Stare From The Chair: #MySundayPhoto â€ 07.19.15

Description

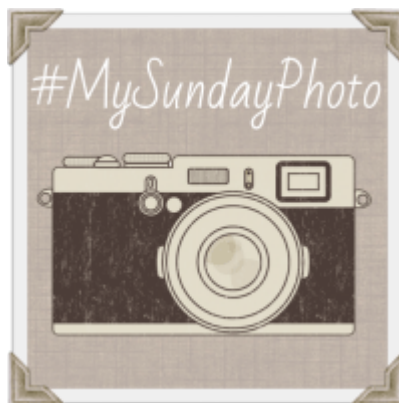

Averyâ€™s adventuresome curiosity has led her to enjoying a good book in a big chair lately. She climbs anything and everything in our house now, and this chair just seems to suit her tastes.

Credit my wonderful wife, Going Mom, for the great shot of our daughter. She also did the spectacular hair-styling you see. I have yet to give it a try, but fear not, I will be a ponytail making pro soon enough!

Do your kids have a favorite reading spot?

Whatâ€™s better, hair with or without ties/bands/ribbons/bows?
