

Share the Excitement of NASCAR with Your Kids & Win Prizes!

Description

Do you love motorsports and/or have a kid who gets excited about all things that go VROOM? NASCAR has an amazing way to share the thrill with your kids, thru NASCAR [Acceleration Nation](#). The website and [app](#), which is available on Android and iPhone, features fun games, info on races, details on cars, and learning materials about the science of racing!

In high school and college, I lived and breathed all things cars. When it came to racing, I would be all about watching and learning more about the types of races around the world and what cars performed best. Now, as a family man, Iâ€™ve lost touch of my auto addiction, and for good reason, I have a beautiful family to care for!

Thanks to NASCAR Acceleration Nation, I have a way to introduce my daughter (and boy on the way!) to NASCAR. Along with learning about NASCAR drivers and the racing tracks they drive one, they also learn about the science of speed, play kid games and more on the Acceleration Nation website and [app](#).

Acceleration Nation is a great way to learn something new with your kids and spend quality bonding time together. If thatâ€™s not enough, the app is FREE on the App Store or Google Play Store, so thereâ€™s nothing to lose. Visit the Acceleration Nation [website](#) and download the [app](#) today to see what you can learn with your kids.

While youâ€™re here, how about entering a giveaway to win a NASCAR gift card? Sound good? I thought so.

Thereâ€™s a 1st prize of \$400, 2nd of \$150, and 3rd of \$75 of NASCAR gift cards. Open to residents of US & Canada, and ends Sept 8th, 2017. The contest is open to US and Canada only. 18 and over.

[a Rafflecopter giveaway](#)

Now go check out what cool NASCAR facts you can learn with your kids and hope you win a great prize!
