Happy Birthday to the Best G-Ma Ever!

Description

Today is G-Maâ€™s (my Momâ€™s) birthday, and although we canâ€™t celebrate with her today, we will soon enough!

My mom has been through so much and always forges on. Sheâ€™s always been by my side even when Iâ€™m not the best son (sorry about that), and she continues to be there now that we have a +1. Iâ€™m referring to our daughter, Avery, just to be clear. ðŸ™‚

Mom, G-Ma, thank you for being you and making life so much better. We all hope you have a wonderful birthday and canâ€™t wait to see you to celebrate!

Iâ€™ve gathered several pictures of G-Ma and Avery from birth to present (Ha ha, get it, present? As in a gift? Ahhh, never mind.) day. Just like you were there for me, youâ€™ve always been there for Avery in her whole 8 1/2 months of life and her love for you shows with each visit you make.

At the rate we take pictures, I know there will be many more to come! We love you, Mom/G-Ma, have an awesome birthday!

Doesnâ€™t she look to young to be a grandma? I think so.
