

Post Nap Time Selfie for the Win: #MySundayPhoto

Description

Nap time is becoming less and less about *napping*, and more about playing in her room for an hour while Daddy gets a little bit of quiet time. Well, besides listening to her read books and sing the theme songs to [Bob the Builder](#) or [Super Why](#) as if she were trying to be heard over the noise at a live concert.

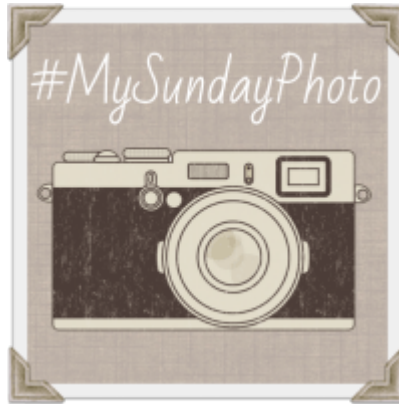

Lucky for her, sheâ€™s the cutest little girl I know and love. She usually tires enough to get a short nap on her big girl [Naturepedic](#) bed before itâ€™s time to wake up. You never know what kind of mood sheâ€™ll be in, but I happened to catch her in a good one the other day which called for a daddy-daughter selfie.

Sometimes you just have to try something new to get your kid to smile when they first wake up. Sticking a phone in their face to take a picture probably isnâ€™t the best choice, but laying next to them to take a picture *together* makes all the difference. Weâ€™ll see how long that lasts!..

As always, big thanks to Darren and his never dull [#MySundayPhoto linkup](#). Check out his blog full of beautiful pics and join in on the #MySundayPhoto action!
