## Description

Amazon has launched an all-new Prime Photos experience with Family Vault. Now, Prime members can share their benefit of unlimited photo storage with up to five family members or friends at no additional cost. Prime Photos is free for Prime members and makes it easy for family members to safely store and share all their favorite photos.

Additional new features include: Image Search, People view and Places view. And Prime members can now order photo prints, cards, photo books, and calendars directly from their Prime Photos account.

Ready to for unlimited storage with a Prime account and to share all of your favorite photos in one place? Just download the new Prime Photos app here to get started: [www.tinyurl.com/PrimePhotos](http://www.tinyurl.com/PrimePhotos)

New Prime Photos features include:

- **Family and friend access to Prime Photos, at no additional cost:** To ensure all the great moments and memories are preserved, regardless of who captured them, Prime members can now share their Prime Photos benefit of unlimited photo storage and 5 GB for videos and other

files with up to five family members or friends.

- **Simple, private sharing through the Family Vault:** Family Vault members can add their favorite photos and videos individually with a click or swipe, or set their account to automatically add all their photos and videos to the Family Vault.
- **Smart search technology:** Prime Photos™ new search technology makes finding photos based on people, places, or things a snap. Gone are the days of customers wading through thousands of photos to find a specific image. Looking for pictures from a vacation or wedding? Search for “sunset” or “wedding” and relevant photos will show up. Customers can also browse photos of individual family members and friends in the People view as well as search and filter by location or date.
- **Photo printing with free delivery for Prime Members:** Customers can now order photo books, cards, and prints directly on the web from their Prime Photos account. Offering a variety a ways to preserve memories, Amazon Print products start at just nine cents a print, and ships with free delivery for Prime members.
