

Iâ€™m A Little Pail â€” Funny Shirt For Kids and Adults

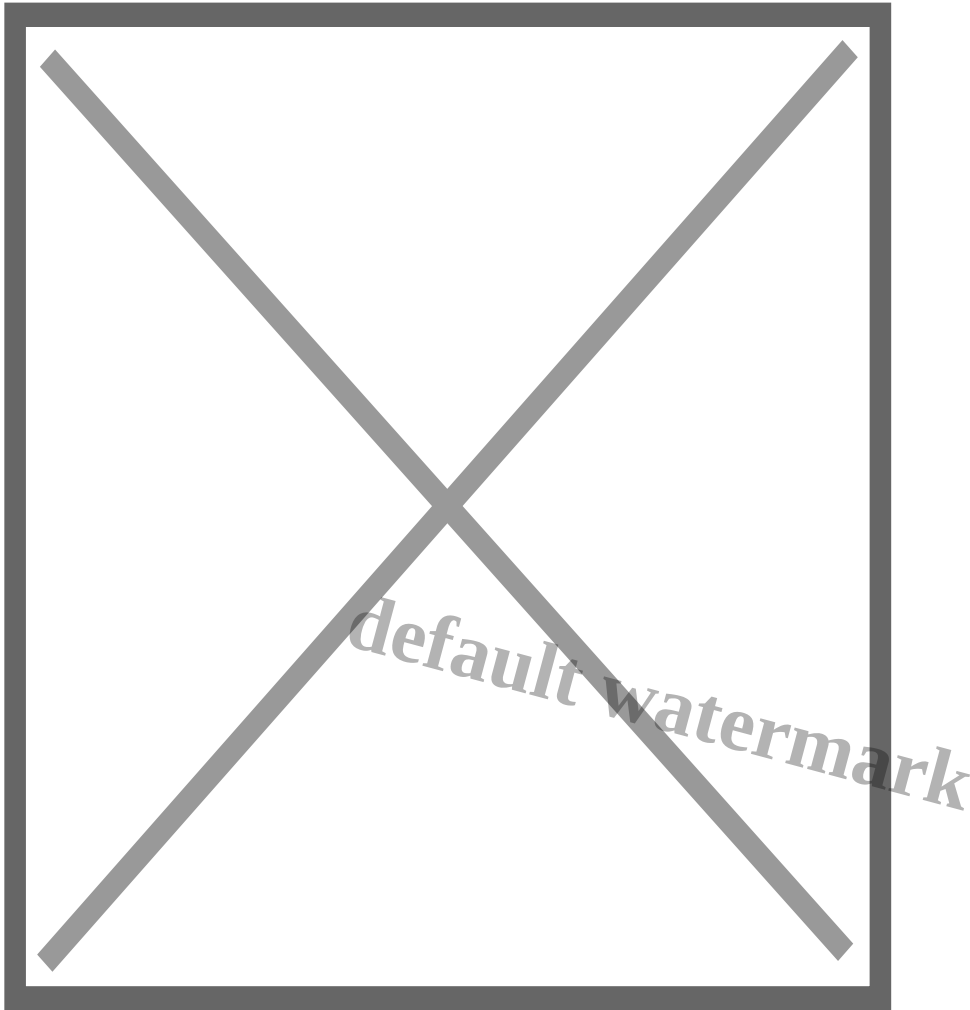

Description

I had high hopes for my [â€œSee Ya Later Excavatorâ€• Teespring campaign](#), but it just ended with zero purchases. Zero! But no worries, Iâ€™m branching out with a funny shirt thatâ€™s perfect for kids and adults alike.

Taking my love of puns and desire to spread the laughs (and groans) associated with them, shirts are the perfect outlet. Instead of Teespring, Iâ€™ve moved on to [Skreened](#) to create and sell the shirts I design.

My shop, conveniently named Going Dad, has a few excavator designs that would make a great funny shirt gift for boys and girls of all ages. Iâ€™ll share the small collection of excavator shirts soon, but I wanted to showcase my first non-excavator creation. Integrating a pun one liner I enjoy and a little artwork done by yours truly, I present to you my â€œIâ€™m a little pail.â€• funny shirt.

Funny, right? It truly is a little pail, but also looks a bit queasy as if it were *pale*. Ahhh, the wonderful play on words, I love it!

As time passes, Iâ€™ll share more of what I create. I already have a new one waiting to be approved. For a little hint of what it is, itâ€™s another pun and talks about naked people. Donâ€™t worry, itâ€™s not obscene.

If you or someone you know enjoys puns, please share my store and think about getting one (or a few) for yourself and as gifts. Any feedback/requests are welcome too.
