

Iâ€™m a 2015 NuttZo Ambassador!

Description

Thatâ€™s right, [NuttZo](#) has given me the privilege of joining their team of ambassadors for 2015! You will now see this badge proudly displayed to the right of my blogâ€™.

Go ahead, click on the badge above or to the right to go directly to their site to learn about and purchase your own NuttZo. And, since youâ€™re here reading this, Iâ€™d like to say thank you and share a discount code to use on their site. Just [click here to visit their product page](#) and enter code **liley15** to save 15% off your entire order!

With many healthy certifications under their belt and being the most delicious, empowering nut and seed spread every, you will find it hard to resist putting the lid back on. Trust me, Avery and I have been enjoying the [Crunchy Power Fuel](#) for a while now, and the choice is clearâ€™.

Yep, Avery knows to go for the NuttZo every time! Of course, I still need to work on her not just grabbing and getting it all over her handsâ€¦then cabinets, then floor, then me, thenâ€¦you get the idea. Also need to work on her jar opening skills, or lack thereof.

I am forever grateful to NuttZo for accepting me into their team of awesome ambassadors who are [mostly top notch athletes](#). I actually first heard about NuttZo from one of their long-time ambassadors, [Kristen Stehly](#), who blogs over at [STUFT mama](#). As a fitness instructor and personal trainer, mom of twin toddler boys, and avid marathon runner, she never has a dull moment and Iâ€™ve enjoyed reading her posts for years.

NuttZo is obviously fueling their high-octane athletes quite well, but now itâ€™s time to see how it keeps an active at-home dad (thatâ€™s me) and his toddler daughter (thatâ€™s Avery) constantly â€œgoingâ€• and growing. I may not be a competing athlete, but I train for strength and endurance every day with Avery usually alongside of me.

I canâ€™t wait to share NuttZo recipes, pictures, and thoughts with you here and on my other pages. If you have any suggestions on what recipe I should try to come up with first, please leave me a comment and Iâ€™ll do my best.

Right now, Iâ€™m thinking an easy homemade Chocolate NuttZo â€œJelloâ€• and bread is in our future. A healthy organic nut and seed butter jello? You betcha!

By the way, itâ€™s [National Peanut Butter Day](#) (isnâ€™t it every day?), so why not go above and beyond with NuttZoâ€™s Nut and Seed butter? Remember, use code **liley15** to enjoy 15% off your entire order. Imagine, [Dark Chocolate NuttZo](#) and your significant other having a wonderful Valentineâ€™s Day in the comfort of your home and not worrying about some elaborate meal when it should be more about time together.

Have you tried NuttZo before?

If so, which one? Iâ€™m going to try their [70% Dark Chocolate One very soonâ€™!MMMMM!](#)
