

Easy DIY Car Maintenance With Kids

Description

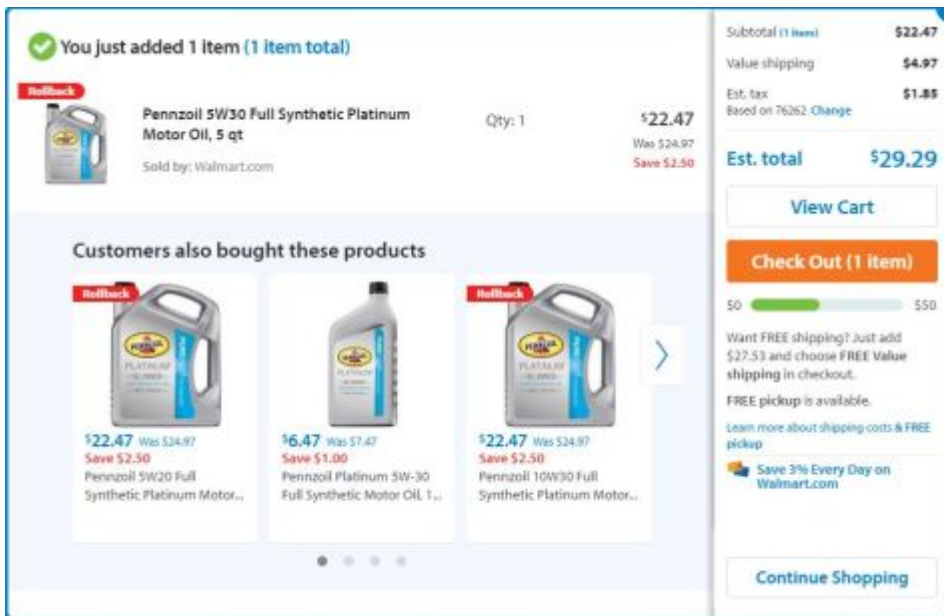

This shop has been compensated by Collective Bias, Inc. and its advertiser. All opinions are mine alone. #DotComDIY #CollectiveBias

I've been against going to a shop for simple car services and all about performing easy DIY car maintenance for years. It saves time, money, and leaves you with a greater sense of satisfaction. Plus, it allows you to connect with your car. Yes, even if it's a rusty '88 Cutlass Supreme that rocks more than a boat in high winds, it's yours, have some pride.

Before we had our daughter, diy car maintenance was easy. Just go buy everything I need, bring it back, and get to work on changing the oil and oil filter, replacing the air filter, checking tire pressure, replacing windshield wipers, etc. But now that she's almost always by my side, it's not as simple as just leaving to get what I need. Especially when there's only so much time in the day to play! Now I know why places that offer simple car maintenance and inspections like the [Sacramento smog inspection service](#) are so popular. It's literally a one-stop shop!

As someone who despises crowded stores and out-of-stock items, I've become an avid online shopper over the years and decided to search for my car maintenance necessities online. Knowing [Walmart.com](#) has a wide variety of items for all of our daily needs, I searched and quickly found everything needed for easy DIY car maintenance. Even better, they have many [Pennzoil products](#) on rollback for a limited time which had me quickly clicking "Add to Cart" to take advantage of the savings.

I added a few more items need for my car and checked out. No lines, no time spent lugging my poor girl around a crowded store, and plenty of money saved. When ordering online, you have the option of products being shipped directly to your home, picking up in-store or curbside assistance. Naturally, I chose shipping right to our home.

A few days later, my order arrived securely packaged. But the secure packaging was no match for my crazy-kid little helper.

She tore right through that orange tape to see what could possibly be inside. To our daughter, anything and everything is hers or she repeatedly claims that she wants something without knowing what it is. This is one of those times.

“Oohhhh, it’s a long yellow stick?”

“It’s a long yellow stick?”

She wasn’t sure what to make of the wiper blade, but I took the advantage of her interest in the new wiper blade to show her where it belonged on my car and explained its purpose.

The other box had more maintenance goodies including the other wiper blade, oil filters, and of course the [Pennzoil Full Synthetic Premium Motor Oil](#) I order with rollback savings.

With PurePlus[®] Technology which converts natural gas into a 99.5% pure base oil, Pennzoil full synthetic premium motor oil offers the best cleanliness and protection in its line-up. If you made the mistake of using lower quality oils in the past, never fear, Pennzoil helps clean out any sludge they left behind. With all of these benefits, it's[™] no wonder Pennzoil provides better protection from friction than other motor oils.

With the time saved by ordering from [Walmart.com](https://www.walmart.com), I was able to spend it in the garage performing the easy diy car maintenance tasks with my kid close by lending a helping hand.

Together, we changed the oil and oil filter (*be sure to use standard safety precautions and refer to the owner's[™] manual for your car before changing the oil*), check the tire pressure, and replaced the wiper blades. She even helped by reading the instructions.

Not that I really needed them, I knew what I was doing the whole time. ðŸ™,

There are many other DIY car maintenance jobs that anyone can do, but I wanted to keep it short and sweet for our toddler's introduction to car maintenance. She may not be a baby, but baby steps are still required. Actually, that holds true all the way into adulthood!

To learn more about Pennzoil, follow them on [Facebook](#), [Twitter](#), and [Instagram](#). Afterward, head on over to [Walmart.com](#) for rollback savings on Pennzoil products along with a host of other items you need every day, shipped right to your door.
