

Peek-A-Boo Swing: #MySundayPhoto â€™ 03.29.15

Description

I brought Avery to a bigger park/playground near the city we live in last week. I thought it would be a nice change from the small playground in our neighborhood, but she was still only interested in picking up mulch and peek-a-boo time.

Guess we can just stay in our back yard and let her pick through the garden if thatâ€™s all she wants! Nevertheless, this playground had baby swings and she LOVES swings! I captured this pic after 100 blurry shots and love seeing her face peek over the rim.

Iâ€™m sure the time will come soon when she wants to run all over the equipment, but until then, I guess itâ€™s just swings and mulch.

Do your kids seem to find the most random thing to play with when there is something bigger (and you think better) to enjoy?
